

**In The United States Patent and Trademark Office**

**Application Number:** 10/609,350

**Application Filed:** 6/30/03

**Applicants:** Blair Mackenzie and Bruce Pace

**Title:** oGo, "odor gone out"

**Examiner:** Charles E. Phillips/3751

**AMENDMENT A**

Mail Stop Non-Fee Amendments  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the Office Action mailed April 2, 2004, please amend the above application as follows:

**CLAIMS:** The following is a listing of the original claim and its amendments.

Page 4 - paragraph 0016 of the original application

0016 We claim as our invention, the oGo, removes bathroom odors from the toilet before the odors enter the airspace in the room and become discernible to the user of the toilet, others in the room, and those who use the toilet after the user.

0016a We claim in removing the bathroom odors from the toilet before the odors enter the airspace, the oGo is totally self-contained as described in paragraph 0017 of the Abstract of the Disclosure. This is an improvement over the prior art as there is no piping necessary with the oGo.

0016b We claim the oGo apparatus is an improvement over the prior art because it does not significantly change the appearance of the toilet as described in paragraph 0017 of the Abstract of the Disclosure.
